

Guidelines & Application for Girl/Adult Group Money Earning

Money Earning activities are planned or carried out by girls and supported by the adults, to earn money for a trip, service project or other activity requiring unusual expenditures. Council sponsored product sales are cookies, nuts, and QSP. These are the *only permitted product sales*. The approved sales have quality control, promotion and public acceptance at the national level.

- Examples of permitted money earning activities are: car wash, craft sale, roller-skating, bake sale, or garage sale.

Groups/troops and service units that conduct a fundraising activity must report money earning on the troop/service unit financial report at the end of each program year. The Council reserves the right to limit fundraising opportunities to no more than three (3) troop/group money earnings for the Girl Scout year.

Service unit manager approval is required for troop money earning. Allow four (4) weeks for approval. If application is related to a service unit fundraiser, then approval by the membership director is required. **Teen troops with girls 6th graders and up require the Program Department's approval.** Those troops need to consult with the Program Department.

All contracts are to be signed by the membership directors.

GSUSA Accident Insurance only covers approved money-earning activities. Refer to the Blue Book of Documents (pg. 10) and Safety Wise for national policies (pg. 29)

Service Unit _____ Troop # _____ Level _____ # Girls _____
Leader/Advisor's Name _____ Phone # _____ Monthly Dues _____
